PROFILE

Forward thinking Full Stack Web Developer with hands on experience in a variety of diverse environments including IT value recovery, IT recruiting, education, and fitness. My goal is to obtain a position as a Web Developer where I am able to leverage my past experiences in IT in an effort to build impactful web applications.

PROJECTS

Daily Service Record - https://mighty-spire-89072.herokuapp.com
Github Repo - https://github.com/Star-Gibson/daily_service_record
UNC-Charlotte Coding Bootcamp

Full-Stack MVC web application that authenticates users as administrators (manager) or employees (user) based off of their login credentials and allows for scheduling of auto repairs.
- Responsible for backend development.
- Worked with Front-End team to ensure appropriate consumption of our API.
- Maintained MySQL Database.

UltiMutt Dog Finder - https://star-gibson.github.io/UltiMutt_dog_finder
Github Repo - https://github.com/Star-Gibson/UltiMutt_dog_finder
UNC-Charlotte Coding Bootcamp

A web application designed and developed to help potential dog owners understand which dog breeds best match their lifestyle, as well as what adoption centers are nearby based off of their location.
- Responsible for Front-End development and design.
- Worked with team members to ensure appropriate consumption of our API's.
- Managed tasks via Project Board.
- Researched and implemented Bulma CSS and Invision.

Juicy Smoothie - http://juicy-smoothie.herokuapp.com/
Github Repo - https://github.com/Star-Gibson/Project3
UNC-Charlotte Coding Bootcamp

The Juicy Smoothie web application was designed and developed with our user's health in mind. This application provides a safe space for users to maintain their own personal smoothie recipes, as well as view recipe entries from other users.
- Responsible for backend authentication using PassportJS.
- Implemented authentication for user access via ReactJS's UserContext.
- Collaborated with backend team to add Cloudinary functionality.
- Visualized my team's application using Invision.
- Maintained MongoDB via Atlas.

EXPERIENCE

Technical Recruiter
ettain group | Feb 2019 - May 2020

- Fostered relationships with potential candidates in the Raleigh and Charlotte Market while supporting Cisco, Bank of America, Wells Fargo, Pratt & Miller, Lowe's, Arch Insurance, Harris Teeter, and various other clients.
- Provided insight into opportunities ranging from Help Desk to Director of Business Intelligence, while affording potential qualified candidates the ability to make a change in career.
- Promoted from Resource Specialist in Jan 2020.

HOBBIES

Weight Lifting
Basketball
Hiking
Video Games
Cooking

EXPERIENCE

Account Manager
Cloud Harvest | Jan 2018 - Nov 2018

- Effectively communicated Cloud Harvest's IT asset recovery service to both, organizations and partners in efforts to return initial cap-ex as the transition to an op-ex model occurs.
- Initiated and formed partnerships with 10 organizations, with primary focus on maintaining Cloud Harvest's relationship with the AWS (LATAM, US) sales team.
- Responsible for ensuring customer orders were shipped and received.
- Gained invaluable experience in a start-up environment.

Front Desk Associate
Planet Fitness | Mar 2016 - Nov 2017

- Acted as the main point of contact for all questions regarding Planet Fitness services to current members, as well as potential members.
- Ensured the gym floor was clean at all times.
- Provided gym tours to a diverse clientele.
- Updated member billing information via ABC.
- Performed managerial duties for the club when our managerial team was on leave.

Long-Term Substitute Teacher
WCPSS - Athens Drive High School | Dec 2016 - Apr 2017

- Created lesson plans with the help of the special education department head.
- Implemented new student tracking system via Microsoft Excel for the special education department.
- Conveyed teaching points in a purposeful manner to my students.
- Volunteer Coach for the girl's lacrosse team.
